

The 21 Club

Social and Dinner Meeting

September 22, 2008

The first meeting of the Fall Semester will begin at 6:30 PM at University House on the UNM Campus. The meeting will consist of a cocktail hour, dinner and an after dinner talk given by UNM President David Schmidly. Further details are posted on the 21 Club website (<http://21club.unm.edu>).

A buffet dinner consisting of a tossed salad (with your choice of dressing), fresh fruit salad, chipolte grilled chicken and roast beef au jus with fudge layer cake or carrot cake for dessert and soft drinks, coffee or tea will be available for \$32.00.

Detach and return the reservation below with your check made out to “The 21 Club”. Please note that your check must be received by September 8, 2008.

You are encouraged to make your reservation as soon as possible. In principle, the entire membership of the 21 Club can be accommodated at University House if the weather is pleasant. During inclement weather about 50 people can be accommodated. As a result, only the first reservations totaling 50 people (members and their guests) can be guaranteed.

ARCHIVAL NATURAL HISTORY AND ITS IMPORTANCE FOR CONSERVATION

David J. Schmidly

President and Professor of Biological Sciences

Archival natural history makes use of scientific archives, photographs, and other assembled materials to document and visually portray environmental change to enhance conservation understanding. Examples of how this approach has succeeded in Texas suggest it has similar promise to promote effective conservation in New Mexico.
