

**The 21 Club
Social and a Talk
Monday February 16, 2009**

The first meeting of the Spring Semester will begin at 5:00 PM in the Bobo room of [Hodgin Hall](#) on the UNM campus. The meeting will include a wine, beer and hors d'œuvre social followed by a talk (abstract below). Parking for 18 cars is available in lot "P". Obtain a permit upon arrival.

Cacti of the New World: Succulents with Areoles

[Daniel Finley](#)

Department of Physics and Astronomy

A look at habitat (and some cultivated) photos of many succulent plants, especially cacti (endemic to the western hemisphere). Interspersed among the pictures, non-threatening facts about their origins, unusual metabolism, distribution, and lifestyles will be provided. (No exam afterward.)

Detach and mail this reservation for the meeting on Monday, February 16, 2009 to:

The 21 Club
Physics and Astronomy MSC07 42201
University of New Mexico
Albuquerque, NM 87131-0001

or

The 21 Club
Physics and Astronomy MSC07 42201

Your reservation must be received by Thursday, February 12, 2009.

Name: _____

My check for reservation(s) at \$10.00 per reservation made out to "The 21 Club" is enclosed.

Cacti of the New World: Succulents with Areoles

Daniel Finley
Professor of Physics
The University of New Mexico

A look at habitat (and some cultivated) photos of many succulent plants, especially cacti (endemic to the western hemisphere). Interspersed among the pictures, non-threatening facts about their origins, unusual metabolism, distribution, and lifestyles will be provided. (No exam afterward.)
